## CONTEMPORARY LUXURY FIREPLACES

Cocoon Fires produces contemporary fireplaces that combine stylish form as well as function, to create outstanding environments.

Versatility through and through, whether suspended, wall mounted or free standing, our range of fireplaces offer endless possibilities for your interior or exterior space.

Designed by innovative and celebrated designer Federico Otero, the Cocoon is an example of contemporary design made unique.

## ABOUT BIOETHANOL FIRES

Cocoon Fires fireplaces are fuelled with bioethanol. Bioethanol is a biofuel derived from plants including corn, wheat, barley and sugarcane. Bioethanol is a renewable energy source, with no odour and no harmful emissions. It creates a vibrant clean-burning flame with no harmful effects on the environment or the people using it.

COCOON FIRES

# COCOON AERIS

The Aeris Cocoon contemporary fireplace is a suspended design piece that incorporates full adjustability in a modern hanging fireplace.

It has endless possibilities.

The stainless steel version can be converted into an entertaining drinks server by filling it with ice.

The hanging pole is adjustable to 6 different heights and can be rotated 360°.

It can also convert into the Pedestal Cocoon.

Available in Matte Black and Marine Grade Stainless Steel.
